## MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: TERMINATION NOTIFICATION OF THE VH-71 PRESIDENTIAL  
HELICOPTERS REPLACEMENT CONTRACT

Encl: (1) Detailed Contract Information

1. On 15 May 2009, the Department of Defense cancelled the VH-71 Presidential Helicopters Replacement Program. As a result of this decision, the Navy will be terminating the following contract associated with the VH-71 System Development and Demonstration Program:

Navy contract N00019-05-C-0030 and associated work with Lockheed Martin Systems Integration - Owego (LMSI-O), Owego, New York, awarded January 28, 2005, for the System Development and Demonstration (SDD) of the VH-71 Program, has been terminated for the convenience of the Government. The total contract price of the items to be terminated is \$2,591,903,326 of which \$2,299,889,624 has been obligated. For further information, please refer to enclosure (1).

2. The VH-71 acquisition program is currently in the System Development and Demonstration (SDD) phase and executing pursuant to an evolutionary acquisition approach by way of a two-part incremental development. The development effort known as Increment 1 was established to modify an existing Non-Developmental Item air vehicle to include improved communications, navigation, survivability, and aircraft performance. The development effort known as Increment 2 was intended to upgrade the drive system, mission systems survivability and aircraft performance, and provide the comprehensive communications capability required for the Presidential support mission. The increments are defined by their technical capabilities as delineated in the VXX System Specification (VSS) for Increment 1 and the VH-71 System Design (VHSD) for Increment 2. The VH-71 was intended to replace both the VH-3D and VH-60N aircraft currently used to conduct Presidential support missions.

3. The decision to terminate the contract was made after the Under Secretary of Defense for Acquisition, Technology and Logistics (USD(AT&L)) issued the VH-71 Program Acquisition

Subj: TERMINATION NOTIFICATION OF THE VH-71 PRESIDENTIAL  
HELICOPTERS REPLACEMENT CONTRACT

Decision Memorandum (ADM) dated 15 May 2009, which directed that the VH-71 Program be cancelled. The ADM specifically stated that on 28 January 2009, "the Secretary of the Navy notified Congress that the cost growth of the VH-71 Presidential Helicopter Program had breached the critical Nunn-McCurdy thresholds". As a result of this, and the subsequent review of the Program and elimination of funding to continue performance in the President's FY 2010 budgets submission, USD(AT&L), acting as the Milestone Decision Authority (MDA), directed that the VH-71 Program be cancelled. This cancellation was directed to include both Increment 1 and Increment 2.

4. Navy point of contact is [REDACTED]  
The industry point of contact is [REDACTED]  
[REDACTED]

Sincerely,

STEVE S. VAHSEN  
Captain, U.S. Navy  
Deputy Chief of Legislative  
Affairs

The following information concerning the Lockheed Martin Systems Integration - Owego (LMSI-O) contract for the System Development and Demonstration of the VH-71 is provided in accordance with reference (b):

**1. Contract number, date, and type of contract:** N00019-05-C-0030 and associated work, 28 January 2005, cost-plus-award-fee

**2. Name of the company:** Lockheed Martin Systems Integration - Owego (LMSI-O), Owego, New York

**3. Nature of contract or end item:** This contract is for the System Development and Demonstration of the VH-71 and is executing pursuant to an evolutionary acquisition approach by way of a two-part incremental development. The development effort known as Increment 1 was established to modify an existing Non-Developmental Item air vehicle to include improved communications, navigation, survivability, and aircraft performance. The development effort known as Increment 2 was intended to upgrade the drive system, mission systems survivability and aircraft performance, and provide the comprehensive communications capability required for the Presidential support mission. The increments are defined by their technical capabilities as delineated in the VXX System Specification (VSS) for Increment 1 and the VH-71 System Design (VHSD) for Increment 2. The VH-71 was intended to replace both the VH-3D and VH-60N aircraft currently used to conduct Presidential support missions.

**4. Reason for the termination:** The contract is being terminated for convenience of the Government. The Government has determined that it is in its best interest not to continue with the development of the VH-71 to support Presidential missions.

**5. Contract price of the items terminated:** Contract price of items terminated for is \$2,591,903,326.

**6. Total number of contractor employees involved, including the Government's estimate of the number of employees who may be discharged:** As of 7 January 2009, LMSI-O reported that 1,533 employees supported the Program across 30 states. This total represents the number of personnel employed at the Prime Contractor, Lockheed Martin Systems Integration - Owego (LMSI-O), as well as LMSI-O's domestic subcontractors and does not include employment of foreign subcontractors. The Government does not have an estimate as to how many employees may be discharged, as it is not known how many will be reassigned within their present employers or how many will voluntarily seek new employment.

**7. Statement of anticipated impact on the company and the community:** The Government anticipates minor impacts to most subcontractors and significant impacts to LMSI-O and AgustaWestlandBell.

8. The area labor category, whether the contractor is a large or small business, and any know impact on hard core disadvantaged employment programs: The Owego, New York area, where the majority of the CONUS work is being performed, is not a labor surplus area; Owego is not listed as a surplus area on the FY09 DoL Surplus listing. We anticipate some impact to several subcontractors that are Small Disabled Business (SDB) qualified; however, most of the SDB qualified vendors do not have a major subcontract. The following contractors are SDB qualified and have a major subcontract with LMSI-O: Precise Systems, Inc. of Lexington Park, MD; MTS Technologies, Inc. of Arlington, VA; CIS Integrators of Dulles, VA; Rosen Aviation Displays LLC of Eugene, OR; Secure Systems Group of Sterling, VA; and Incat Systems, Inc. of Novi, MI. There is no known impact on hard core disadvantaged employment programs.

9. Total number of subcontractors involved. The following are major subcontractors:

Tier 1:

AgustaWestlandBell (AWB), 11700 Plaza America, Suite 900, Reston, Virginia 20190-4751

Bell Helicopter Textron, 600 East Hurst Blvd., Hurst, Texas 76053

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR PROCUREMENT OF 196 FISCAL YEAR 2010  
TOMAHAWK BLOCK IV ALL-UP-ROUND (AUR) MISSILES

1. Raytheon Co., Tucson, Arizona is being awarded a \$202,696,561 modification to a previously awarded firm-fixed-price contract (N00019-09-C-0007) to exercise an option for the procurement of 196 Fiscal Year 2010 Tomahawk Block IV All-Up-Round (AUR) missiles. The Tomahawk Block IV missile is capable of launch from surface ships equipped with the Vertical Launch System (VLS), submarines equipped with the Capsule Launch System (CLS), and submarines equipped with the Torpedo Tube Launch (TTL) System. This contract provides for 132 VLS missiles, 53 CLS missiles, and 11 TTL missiles. Work will be performed in Tucson, Arizona; Walled Lake, Michigan; Camden, Arkansas; Anniston, Alabama; Glenrothes, Scotland; Huntsville, Alabama; Ft. Wayne, Indiana; Minneapolis, Minnesota; Ontario, California; Spanish Fork, Utah; Westminster, Colorado; El Segundo, California; Middletown, Connecticut; Largo, Florida; Vergennes, Vermont; Farmington, New Mexico, and various CONUS and OCONUS locations, and is expected to be completed by July 2012. Contract funds will not expire at the end of the current fiscal year.

2. The Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. The Navy point of contact is [REDACTED]

Subj: CONTRACT AWARDED FOR REPAIR OF VARIOUS LINE ITEMS OF THE  
H-60 HELICOPTER SYSTEMS AND COMPONENTS

1. Maritime Helicopter Support Company, Woodbridge, Virginia is being awarded an \$84,337,927 ceiling price firm-fixed-priced performance based logistics contract for repair of various line items of the H-60 Helicopter systems and components. This contract contains options, which if exercised, will bring the not-to-exceed ceiling price of the contract to \$306,683,371. Work will be performed by Sikorsky Aircraft Company in Stratford, Connecticut and by Lockheed Martin Systems Integration in Owego, New York, and is expected to be completed by January 30, 2011. Contract funds will not expire at the end of the current fiscal year. This contract was not competitively procured.

2. The Naval Inventory Control Point, Philadelphia, Pennsylvania is the contracting activity (N00383-09-D-010E). The Navy points of contact are [REDACTED]

### MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CY09 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

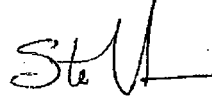

Encl: (1) List of CY2009 Anticipated Downsizing in the  
Department of the Navy

1. Appreciating your interest in the current plans, programs, and policies of the Department of the Navy, please be advised that the Navy is planning to conduct a number of civilian personnel reductions in force (RIF) at various locations worldwide during calendar year 2009 (CY09). Like other services and organizations within the Department of Defense, the Navy adjusts its civilian personnel to complement its force structure.
2. The Department of the Navy accomplishes civilian force structure adjustments under the Department of Defense's separation incentive programs (SIP). Under these programs, eligible employees who choose to voluntarily leave government service receive cash incentives. After maximum use of separation incentive programs, the necessary reduction levels may not have been reached. Regrettably, to meet appropriate civilian manning levels, the Navy would then be required to conduct involuntary reductions.
3. Enclosure (1) is a list of Navy activities at which authority to RIF has been requested for CY09. The list projects the maximum potential downsizing, 5,004 positions at several hundred Navy and Marine Corps facilities worldwide, and does not reflect the number of personnel who will actually be separated. Of these 5,004 positions, the maximum projected number of involuntary reductions is 2,685 positions. However, due to incentive programs, our aggressive outplacement efforts within the Department of Defense Priority Placement Program, job fairs, and referrals to private companies, in addition to other Federal and State agencies, the number of employees actually involuntarily separated each year has historically been a small fraction of the potential reductions. In each of the last three calendar years, the actual number of employees involuntarily separated has been less than 3 percent of the potential involuntary separations. For CY08, the number of employees involuntarily separated was less than 1 percent.
4. Every effort will be made to assist in the out-placement of all affected personnel. Should you have further questions regarding

Subj: CY09 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

this matter, the Office of Legislative Affairs point of contact is  
[REDACTED] at [REDACTED]

Sincerely,

A handwritten signature in dark ink, appearing to read 'Steve Vahsen', with a stylized flourish at the end.

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR ENVIRONMENTAL COMPLIANCE ENGINEERING SUPPORT

1. Michael Baker, Jr., Inc., Virginia Beach, Virginia is being awarded an indefinite-delivery/indefinite-quantity contract for Environmental Compliance Engineering Support for Navy and other Department of Defense (DOD) Installations within the Naval Facilities Engineering Command (NAVFAC) Atlantic area of responsibility, primarily including the Northeast, Southeast, and Mid-Atlantic Continental United States and some overseas locations. The maximum dollar value, including the base period and four option years, is \$75,000,000. Work will be performed predominately in the following states: Virginia, West Virginia, Washington D.C., Alabama, Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, and Vermont, as well as OCONUS locations such as Africa, Europe, Southwest Asia, Bahrain, Puerto Rico, and Guantanamo Bay. Also included but to a lesser extent: Alaska, Idaho, Illinois, Indiana and Louisiana as needed. The term of the contract is not to exceed 60 months, with an expected completion date of January 2015. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured.

2. The Naval Facilities Engineering Command, Atlantic, Norfolk, Virginia is the contracting activity (N62470-10-D-3000). The Navy point of contact is [REDACTED] The industry point of contact is [REDACTED]

Sincerely,

STEVE S. VAHSEN

Subj: CONTRACT AWARDED FOR ENVIRONMENTAL REMEDIATION SERVICES OF  
RADIOLOGICAL CONTAMINANTS

1. Shaw Environmental & Infrastructure, San Diego, California (N62473-10-D-0807); Innovative Technical Solutions, Inc., Walnut Creek, California (N62473-10-D-0808); Tetra Tech EC, Inc., San Diego, California (N62473-10-D-0809); Integrated Solutions for Remediation JV, Walnut Creek, California (N62473-10-D-0810); and Cabrera-Insight JV, Hartford, Connecticut (N62473-10-D-0811) are each being awarded a firm-fixed price, indefinite-delivery/indefinite-quantity environmental multiple award contract for environmental remediation services of radiological contaminants at various locations within the Naval Facilities Engineering Command, Southwest and Atlantic areas of responsibility and other Department of Defense (DOD) locations nationwide. The maximum dollar value, including the base period and four option years, for all five contracts combined is \$250,000,000.

2. Work under these contracts will be performed in California, Alaska, Arizona, Colorado, Nevada, New Mexico, Oregon, Utah, Washington, and other DOD locations. The term of the contracts is not to exceed five years, with an expected completion date of February 2015. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured. These five contractors may compete for task orders under the terms and conditions of the awarded contract.

3. The Naval Facilities Engineering Command, Southwest, San Diego, California is the contracting activity. The Navy point of contact is [REDACTED] The respective industry points of contact are [REDACTED]

Sincerely,

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR 556 CONTRACTORS THAT WILL PROVIDE FOR THEIR COMPETITION FOR SERVICE REQUIREMENTS SOLICITED BY NAVAL SEA SYSTEMS COMMAND, NAVAL AIR SYSTEMS COMMAND, SPACE AND NAVAL WARFARE SYSTEMS COMMAND, NAVAL SUPPLY SYSTEMS COMMAND, MILITARY SEALIFT COMMAND, NAVAL FACILITIES COMMAND, STRATEGIC SYSTEMS PROGRAMS, OFFICE OF NAVAL RESEARCH, AND THE UNITED STATES MARINE CORPS

Encl: (1) List of Contractors

1. The U.S. Navy is awarding indefinite-delivery/indefinite-quantity multiple award contracts to 556 contractors that will provide for their competition for service requirements solicited by Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Systems Command, Naval Supply Systems Command, Military Sealift Command, Naval Facilities Command, Strategic Systems Programs, Office of Naval Research, and the United States Marine Corps. The 22 functional service areas within the scope of the contracts include:

1. Research and Development Support
2. Engineering System Engineering and Process Engineering Support
3. Modeling, Simulation, Stimulation, and Analysis Support
4. Prototyping, Pre-Production, Model-Making, and Fabric Support
5. System Design Documentation and Technical Data Support
6. Software Engineering, Development, Programming, and Network Support
7. Reliability, Maintainability, and Availability Support
8. Human Factors, Performance, and Usability Engineering Support
9. System Safety Engineering Support
10. Configuration Management Support
11. Quality Assurance Support
12. Information System Development, Information Assurance, and Information Technology Support
13. Ship Inactivation and Disposal Support
14. Interoperability, Test and Evaluation, Trials Support
15. Measurement Facilities, Range, and Instrumentation Support

Subj: CONTRACT AWARDED FOR 556 CONTRACTORS THAT WILL PROVIDE FOR THEIR COMPETITION FOR SERVICE REQUIREMENTS SOLICITED BY NAVAL SEA SYSTEMS COMMAND, NAVAL AIR SYSTEMS COMMAND, SPACE AND NAVAL WARFARE SYSTEMS COMMAND, NAVAL SUPPLY SYSTEMS COMMAND, MILITARY SEALIFT COMMAND, NAVAL FACILITIES COMMAND, STRATEGIC SYSTEMS PROGRAMS, OFFICE OF NAVAL RESEARCH, AND THE UNITED STATES MARINE CORPS

16. Acquisition Logistics Support
17. Supply and Provisioning Support
18. Training Support
19. In-Service Engineering, Fleet Introduction, Installation and Checkout Support
20. Program Support
21. Functional and Administrative Support
22. Public Affairs and Multimedia Support.

These contracts are in addition to the existing 1,675 contracts previously awarded under the SeaPort Enhanced (SeaPort-e) acquisition program for services procurements. The government estimates a maximum of \$5,300,000,000 of services will be procured per year via orders issued under the SeaPort-e multiple award contracts. The awards have a four-year base period with one five-year award term. These contracts were competitively procured via the Navy Electronic Commerce Online (NECO), with 579 offers received and 556 contracts awarded. Contract funds will be obligated at the time of task order award and as such, multiple funding types (with varying expiration dates) may be used, consistent with the purpose for which the funds were appropriated

2. The Naval Sea Systems Command, Naval Surface Warfare Center, Dahlgren Division, Dahlgren, Virginia is the contracting activity (N00178-10-D-5852 through N00178-10-D-6407). The Navy point of contact is [REDACTED]

Sincerely,

STEVE S. VAHSEN  
Captain, U.S. Navy

### MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR SEAPORT ENHANCED (SEAPORT-E) ACQUISITION PROGRAM FOR SERVICES PROCUREMENTS

Encl: (1) 2008 Seaport-E Contract Award Company Listing

1. The companies listed in Enclosure (1) are being awarded indefinite-delivery, indefinite-quantity multiple award contracts that will provide for their competition for service requirements solicited by Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Systems Command, Naval Supply Systems Command, Military Sealift Command, Naval Facilities Engineering Command, Strategic Systems Programs, Office of Naval Research, Defense Threat Reduction Agency and the United States Marine Corps.

2. The twenty-two functional service areas within the scope of the contracts includes Research and Development Support; Engineering System Engineering and Process Engineering Support; Modeling, Simulation, Stimulation, and Analysis Support; Prototyping, Pre-Production, Model-Making, and Fabrication Support; System Design Documentation and Technical Data Support; Software Engineering, Development, Programming, and Network Support; Reliability, Maintainability, and Availability (RM&A) Support; Human Factors, Performance, and Usability Engineering Support; System Safety Engineering Support; Configuration Management (CM) Support; Quality Assurance (QA) Support; Information System (IS) Development, Information Assurance (IA), and Information Technology (IT) Support; Inactivation and Disposal Support; Interoperability, Test and Evaluation, Trials Support; Measurement Facilities, Range, and Instrumentation Support; Logistics Support; Supply and Provisioning Support; Training Support; In-Service Engineering, Fleet Introduction, Installation and Checkout Support; Program Support; Functional and Administrative Support; and Public Affairs and Multimedia Support.

3. These contracts are in addition to the existing 1,265 contracts previously awarded under the SeaPort Enhanced (SeaPort-e) acquisition program for services procurements. The Government estimates a maximum of \$5,300,000,000 of services will be procured per year via orders issued under the SeaPort-e multiple award contracts. The awards have a one-year base period with one five-year award term and one additional four-year award term. These contracts were competitively

Subj: CONTRACT AWARDED FOR SEAPORT ENHANCED (SEAPORT-E) ACQUISITION  
PROGRAM FOR SERVICES PROCUREMENTS

procured via the Navy Electronic Commerce Online (NECO) program, with 351 offers received and 340 contracts awarded. Contract funds will be obligated at the time of task order award and as such, multiple funding types (with varying expiration dates) may be used, consistent with the purpose for which the funds were appropriated.

4. The Naval Sea Systems Command, Naval Surface Warfare Center, Dahlgren Division, Dahlgren, Virginia is the contracting activity (N00178-08-D-5311 through N00178-08-D-5650). The Navy point of contact is [REDACTED]

Sincerely,

ROBERT M. HENNEGAN  
Captain, U.S. Navy  
Deputy Chief of Legislative Affairs
